Description:

Caring for the Vulnerable Perspectives in Nursing Theory, Practice, and Research, Fourth Edition

explores vulnerability from the perspective of individuals, groups, communities, and populations and specifically addresses how vulnerability affects the field of nursing and its care givers. The Fourth Edition focuses on how to work vulnerable populations, provides an overview of treatments and issues as well as presents a basic structure for caring for the vulnerable with the ultimate goal of providing culturally competent care. • Content specific to practicing DNPs • Coverage of integrating military personnel into the general population • Discusses human trafficking, health disparities and complementary medicine
