Description:

In March of 1994, Simon Lewis was a Hollywood man on the rise. He had started in the film industry as a lawyer and worked his way up to become a big-budget studio producer. He'd helped shepherd one of the most successful comedies in film history. He'd married the love of his life. And then one night, in a few seconds, everything changed.

In *Blindsight*, author Chris Colin unspools the remarkable true story of a horrific accident and the life that followed it. A killer at large. Unlikely twists of fate. Miraculous medical oddities.

Otherworldly perceptions. Lewis's is a tale of one man's love and loss, and of the strange turns awaiting a life remade.
