Description:

Review A book that will give great hope and encouragement to anyone dealing with Alzheimer's sufferers either in a professional situation or at home... An optimistic book, it shows there is another way and that medication is not the only approach. One to watch. THE BOOKSELLER John Zeisel's insights into Alzheimer's are not the narrow observations of a physician peddling a theory; they are observations and research into an intensely humane cry for understanding and represent nothing

less than a radical revisiting of what it is 'This important new book makes the case for a positive mindset about dementia; providing us with new concepts such as 'hard-wired' abilities and new meanings of words like "treatment". It is a valuable addition to materials available for relatives and friends of people with dementia. Mary Marshall OBE, author and Director of the Dementia Services Centre, University of Stirling m Still Here is a startling, uncompromising, and deeply compassionate look at how we care for people living with Alzheimer's. It overflows with insight, practical advice, inspiration and hope DAVID HYDE PIERCE, actor and Alzheimer's advocate

About the Author John Zeisel, Ph.D. is the president and cofounder of Hearthstone Alzheimer Care. He holds a Ph.D. in sociology from Columbia University. His work has been covered in such places as *The New York Times*; *O, The Oprah Magazine*; and on CNN.
