Description:

Revised edition with the most up to date stats, info, and sixteen pages of brand-new material!

It's time to wire up and get connected to one of the most complex areas of Minecraft--redstone. Redstone experts guide you through all aspects of working with redstone including mining, smelting,

using repeaters, circuit components, and circuit designs. This handbook--now with sixteen additional pages of new content--also includes exclusive tips from game creator Notch himself and some of the most extraordinary redstone creations ever made. So power up and get switched on to redstone--it's electrifying!
