Description:

This Revised Reprint of our 8th edition, the "gold standard" in community health nursing, ***Public Health Nursing: Population-Centered Health Care in the Community***, has been updated with a new Quality and Safety Education in Nursing (QSEN) appendix that features examples of incorporating knowledge, skills, and attitudes to improve quality and safety in community/public health nursing practice. As with the previous version, this text provides comprehensive and up-to-date content to keep you at the forefront of the ever-changing community health climate and prepare you for an effective nursing career. In addition to concepts and interventions for individuals, families, and communities, this text also incorporates real-life applications of the public nurse's role, *Healthy People 2020* initiatives, new chapters on forensics and genomics, plus timely coverage of disaster management and important client populations such as pregnant teens, the homeless, immigrants, and more.

- *Evidence-Based Practice* boxes illustrate how the latest research findings apply to public/community health nursing.
 - **Separate chapters on disease outbreak investigation and disaster management** describe the nurse's role in surveilling public health and managing these types of threats to public health.
 - **Separate unit on the public/community health nurse's role** describes the different functions of the public/community health nurse within the community.
 - **Levels of Prevention boxes** show how community/public health nurses deliver health care interventions at the primary, secondary, and tertiary levels of prevention.
 - **What Do You Think?, Did You Know?, and How To? boxes** use practical examples and critical thinking exercises to illustrate chapter content.
 - **The Cutting Edge** highlights significant issues and new approaches to community-oriented nursing practice.
 - **Practice Application** provides case studies with critical thinking questions.
 - **Separate chapters on community health initiatives** thoroughly describe different approaches to promoting health among populations.
 - **Appendixes** offer additional resources and key information, such as screening and assessment tools and clinical practice guidelines.
 - NEW! Quality and Safety Education in Nursing (QSEN) appendix features examples of incorporating knowledge, skills, and attitudes to improve quality and safety in community/public health nursing practice.
 - NEW! **Linking Content to Practice boxes** provide real-life applications for chapter content.
 - NEW! **Healthy People 2020 feature boxes** highlight the goals and objectives for promoting health and wellness over the next decade.
 - NEW! **Forensic Nursing in the Community chapter** focuses on the unique role of forensic nurses in public health and safety, interpersonal violence, mass violence, and disasters.
 - NEW! **Genomics in Public Health Nursing chapter includes a history of genetics and genomics and their impact on public/community health nursing care.**
