Description:

Review "Well crafted twists and turns kept me completely enthralled and unwilling to put it down."
by D. Olson

From the Author I've had several people ask me if this book is based on a true story. My quick answer is, "Well, no, it's fiction." The longer answer is that I did a lot of research before and during the months I wrote the manuscript. While investigating, I met women who went through similar situations and experienced parallel fates. So, while this is a work of fiction, and isn't based on any one particular person, place, or circumstance, "Sleeping Roses" is inspired by real women.
